TO OUR CUSTOMERS -

We are pleased to report that our crop of TECOLOTE GIANTS RANUNCULUS has produced the largest number of wonderful large bulbs we have ever seen.

While booking our advance orders this spring we refused lots of orders for the 1" size, and many of you wanted to place orders for more of them than we dared to accept.

Please decide immediately if you want more 1" bulbs and send in your additional orders as we want our regular customers for them to have first choice.

Freeseias are now being shipped, and while "Marie" is sold out, we still have available $\frac{1}{2}$ - $\frac{5}{8}$ " bulbs in Tecolote White. Also, limited quantities in nearly all sizes of the Tecolote Hybrids separate colors, Mammoth Yellow, Mammoth White, some of the other varieties, and Mixtures.

We can still accept additional orders for those fine Northwest King Alfred and other Daffodils, also Iris.

Very truly yours,

DAVIDS & ROYSTON BULB CO. Inc.
